

## Environmental Policy statement

Johnston Sweepers Limited is committed to the protection of the environment and prevention of pollution.

We are committed to continually review and evaluate the efficiency of our environmental management system processes to enhance the company environmental performance.

This policy is a management responsibility and provides a frame work for setting and reviewing the company objectives and targets.

The company relies heavily on the cooperation of the entire workforce for its success.

Our employees recognise their responsibility to protect environment and prevent pollution; to ensure employees are competent to do their work and to control the environmental risks arising from our activities, clear risk assessment based instruction, information and training are provided.

We support procurement of environmentally friendly, energy efficient equipment and services; new or modified facilities in support of the business productivity.

Waste elimination, segregation, recycling is encouraged throughout the business.

Use of the latest technologies does allow us to monitor and enhance our energy performance.

The company's travel plan is designed to encourage the use of more sustainable modes of transport, and to reduce unnecessary travel.

To achieve our objectives and targets we shall comply with applicable local, national and international legal requirements in addition to the other requirements that we agree in relation to the environmental impact of our activities.

To fulfil our challenge we shall make available the information, resources and the required training to our workforce.
